SUMMARY

Web developer with 2+ years' expertise in JavaScript, React, and Node.js, dedicated to creating impactful and responsive web applications

SKILLS

Languages: C++, C, Java, JavaScript, SQL

Technologies: HTML5, CSS3, SASS, Tailwind, MERN stack, Azure, SSIS, SSRS, GIT, GitHub, Visual Studio Code, Firebase, PostgreSQL

PROFESSIONAL EXPERIENCE

Tata Consultancy Services, Developer

Feb 2022 – May 2023 | Kochi, India

- Led application support and development initiatives, resolving intricate issues at L3-L4 support levels in C++, Java, and SQL environments.
- Managed SQL databases, optimizing data retrieval for enhanced performance.
- Administered Azure Data Lake, ensuring robust data storage and server maintenance.
- Collaborated across teams, contributing to on-time project deliveries.

PROJECTS

JavaScript and Firebase Mobile App

- Designed and implemented a user-friendly mobile app for shopping list management.
- Utilized JavaScript for dynamic functionality and Firebase for real-time synchronization.
- Ensured seamless user experience through responsive design and efficient data synchronization.

Image and Text generator

- Built a dynamic meme generator with React and Node
- Integrated APIs for enhanced functionality
- Managed state, utilized useEffect, and implemented event listeners
- Employed conditional rendering for an optimal user experience

Wallnut bakes(Point-of-sale (POS) app)

- Created a comprehensive cake shop management system for sales and services during the final year of my bachelor's program.
- Utilized JAVA, SQL, and XAMPP for development.
- Implemented features such as authentication, an admin dashboard, and online sales support.

EDUCATION

Master of Computer Application (MCA), Manipal University Jaipur, India | Ongoing

Bachelor of Computer Application(BCA), East Point College of Higher Education, Bangalore, India | Completed: October 2021

CERTIFICATIONS AND VIRTUAL EXPERIENCES:

Certifications:

- Legacy full-stack developer certification, FreeCodeCamp | December 2023 | MERN - web development
- UI/UX design certification, Meta | September 2023

Virtual Experience :

- Agile Methodology Virtual Experience Program, Cognizant | June 2023
